July 2022
DOC Intakes in FY 2022 by Primary Language Spoken

Non English Speakers Primary Languages in FY 2022

Spanish, 88.68%
Korean, 5.66%
French, 1.89%
Amharic, 1.89%
Italian, 1.89%

The majority of DOC residents, 90.43%, are English speakers; about 3.96% declare a non-English primary language and data is unavailable for the remaining intakes—primarily because they were released before the intake process was completed.

Spanish, Korean, French, Amharic and Italian were the most frequently declared non-English primary languages among new intakes at DOC in FY 2022.
In Fiscal Year 2022 the majority of DOC intakes, 40.5%, were of Christian faiths; 32.47% were of Islamic faiths; 4.57% were of other faiths; 4.12% were Jewish; and 15.1% had no faith declared.

Of those professing Christian faiths, the majority, 78.91%, claimed to be Christian; of those professing Islamic faiths, the majority, 80.27%, claimed to be Sunni Muslim.
DOC residents are 92.9% Black; the District of Columbia (DC) population is 46.5% Black. Whites, Asians, and Hispanics who comprise 41.3%, 4%, and 11% of the DC Population are underrepresented. (DC Population data from www.census.gov.)

The majority of DOC’s inmates are men. Women comprise less than 6% of the population.

62.9% of women and 58.77% of men in custody have earned a high school diploma or GED. Nearly 5.03% of women and 3.19% of men say they have a college degree. Data were not available for about 11.32% of women and 7.48% of men.
Half of all men in custody were 18 to 32 years old. The average age of men in custody was 35 years.

The majority of men in DOC custody claim District of Columbia or Maryland residency.

About 54% men in custody were unemployed at the time of incarceration. About 43% were employed and another 1.9% were employed part time.

About 35.84% of men in custody had stayed less than three months, while 31.76% had stayed more than a year. The median length of stay (LOS) for men in custody was 189 days. (Half the men in custody had been in custody less than 189 days.)

Over half of all men in custody (53.88%) had unresolved legal matters that were either felony charges (PF) or misdemeanor charges (PM). Those held for the USMS service (TR) were nearly 20% of those in custody and had stayed on average about a year and 4 months. About 7.53% of men were charged as parole violators (PV), about 10.12% were sentenced on felony charges (SF) and about 2% were Writs or Holds (WH). Writs and holds had the longest average length of stay (LOS) of 797 days (2.18 years).
19.87% of men in custody were USMS/USDC commitments with unspecified charges. Those charged with assault, aggravated assault, domestic violence; homicide, conspiracy, or kidnapping; carjacking or first degree burglary; weapons; parole or release violations; and rape or sex abuse accounted for the most serious offenses of 72% of men in custody. 49.5% of men in custody were charged with a violent or dangerous offense per DC Code 22 Section 4501.

Those charged as Writs or US Witnesses stayed the longest on average (over 2.18 years); followed by those charged with homicide, conspiracy or kidnapping (about 1.75 years) and USMS/USDC commitments at 1.35 years.
About Women in Custody

Half of all women in custody were 18 to 34 years old. The average age of women in custody was 34 years.

The majority of women in DOC custody claim District of Columbia or Maryland residency.

About 60% of women in custody were unemployed at the time of incarceration. About 36.36% were employed and fewer than 1% were employed part time.

About 53.23% of women in custody had stayed less than three months. About 27.42% stayed between three months and one year while 19.35% stayed more than one year.

About 48.39% of women in custody had unresolved charges that were either felonies (PF) or misdemeanors (PM). 24.19% of women in custody were held for the USMS (TR) and had stayed about a year and 4 months on average, the longest of all. Those charged as parole violators (PV) or sentenced on felony charges (SF) were each 6.45% of the women in custody. Sentenced misdemeanants (SM) made up the remaining 12.9% of women.
Most Serious Active Charge for Women in Custody

Women charged with assault, aggravated assault, or domestic violence as the most serious offense were 32.26% of all women in custody. 24.19% of women in custody were USMS/USDC commitments with unspecified charges. Those charged with assault, domestic violence, homicide, conspiracy, or kidnapping; parole or release violations; and robbery, carjacking or first degree burglary accounted for the most serious offenses of 64.52% of women in custody. 46.77% of women in custody were charged with a violent or dangerous offense per DC Code 22 Section 4501.

Average LOS by Most Serious Offense Women

Those who were USMS/USDC commitments stayed about 1 year and four months, followed by those charged with homicide, conspiracy or kidnapping stayed about 1 year 1 month, followed by robbery, carjacking or burglary for almost 1 year. The remaining women were in custody less than 4 months on average. The average length of stay for women in custody was 217 days.
FY 2022 Releases by LOS for Men

The average length of stay to release for men was 140.68 days. Half of men who were released stayed fewer than 25.5 days, the median length of stay to release.

Of men who were released, 66.6% were released to the community. Another 23.93% were removed by the USMS to Norther Neck, USMS to federal facilities, or USMS GB. 6.28% were removed by all other jurisdictions.
Almost 86.73% of women were released to the community, another 3.06% were released to treatment programs. 10.66% were removed by USMS, USMS GB or to Northern Neck by the USMS. 6.12% were released to other jurisdictions.
The average length of stay to release for men was 136.72 days. Half of men who were released stayed fewer than 24 days, the median length of stay to release.

Of men who were released, 67.2% were released to the community. Another 23.94% were removed by the USMS to Norther Neck, USMS to federal facilities, or USMS GB. 6.03% percent were removed by all other jurisdictions.
The average length of stay to release was 69.09 days for women. Half of all women who were released stayed fewer than 12.1 days, the median length of stay.

81.6% of women were released to the community, another 6.13% were released to St. Elizabeth's Hospital or treatment programs. 5.52% were removed by USMS, USMS GB or to Northern Neck by the USMS. The remaining 6.13% were released to other jurisdictions.
The recidivism rate was computed by measuring the number of times intakes in the period July 1 2021 to June 30 2022 return to custody.

Recidivism in the pre-COVID-19 era cannot be compared to that in current times because the composition of the DOC population and its length of stay have significantly changed. These reflect changes in practices across the criminal justice system that have been implemented in response to COVID-19.
