About Men in Custody

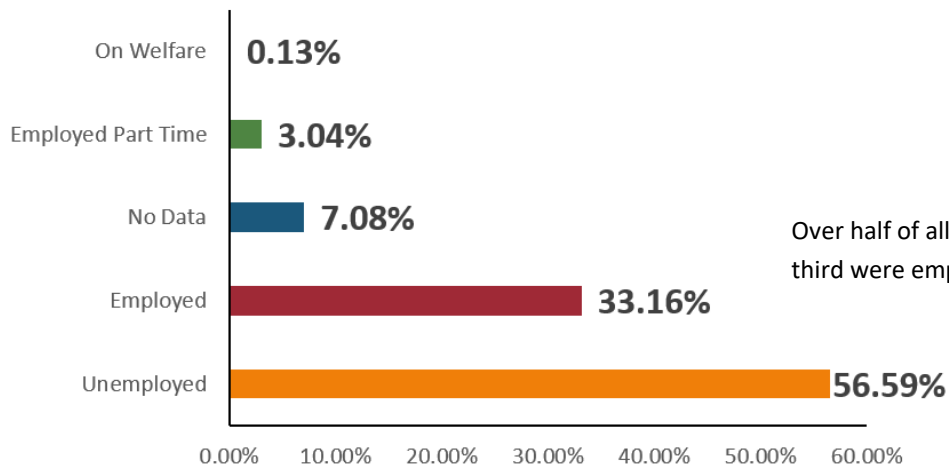

Residency Claimed

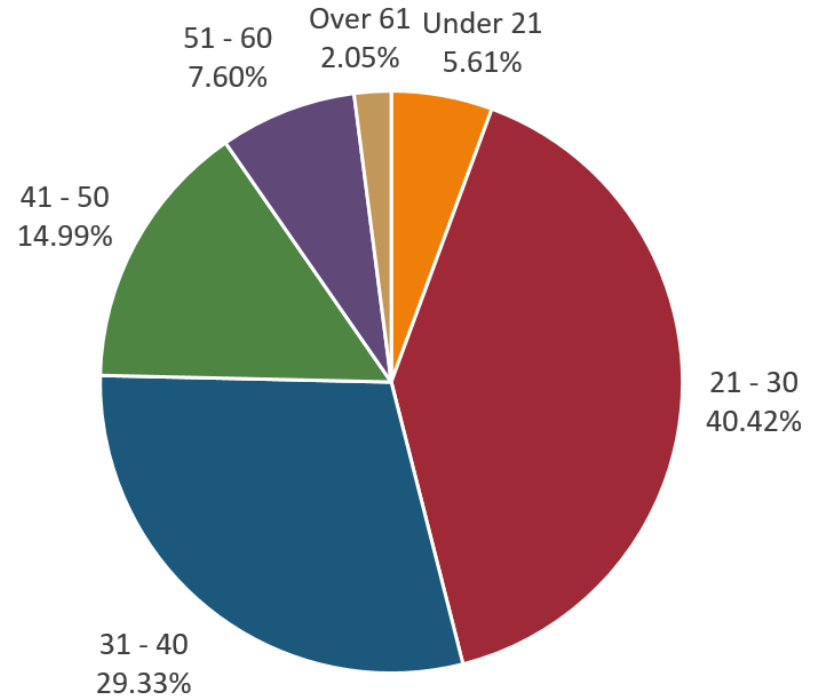

The majority of men in DOC custody claim District of Columbia or Maryland residency.

Employment Status at Incarceration

Over half of all men in custody were unemployed at the time of incarceration. About a third were employed and another three percent were employed part time.

Age Distribution for Men in Custody

Half of all men in custody were 18 to 31 years old. The average age of men in custody was 34 years.

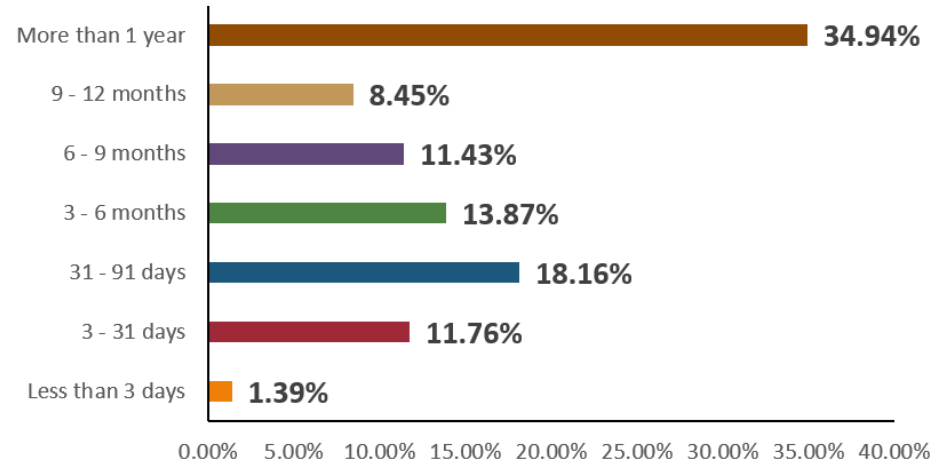

October 1, 2021

Length of Stay (LOS) for Men in Custody

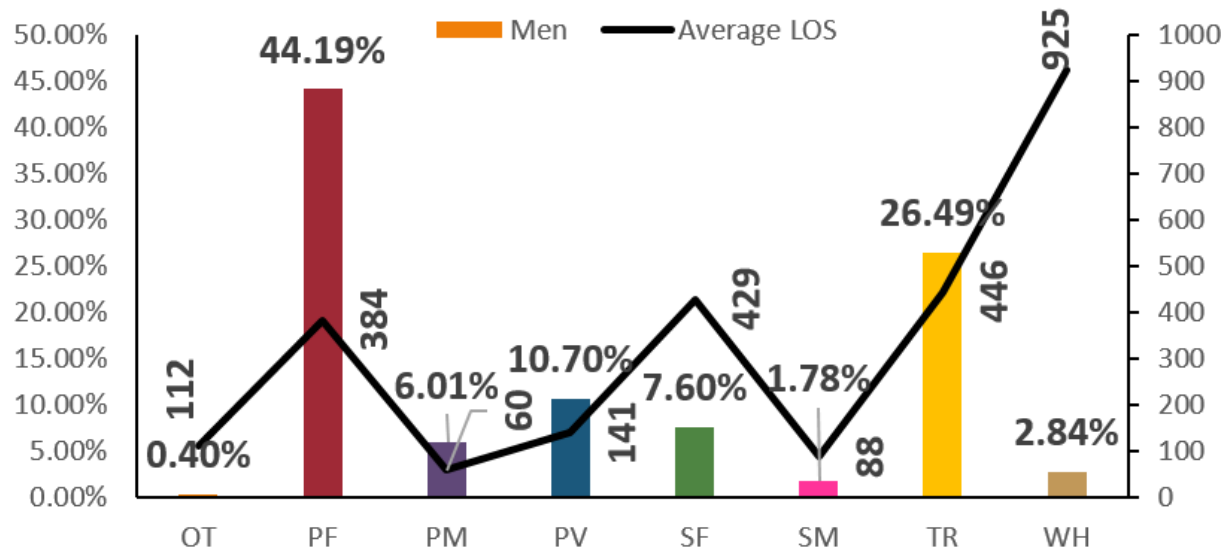

A little less than a third of men in custody had stayed less than a month, while another third had stayed more than a year. The median length of stay (LOS) for men in custody was 206 days. (Half the men in custody had been in custody less than 206 days.)

LOS Distribution for Men in Custody

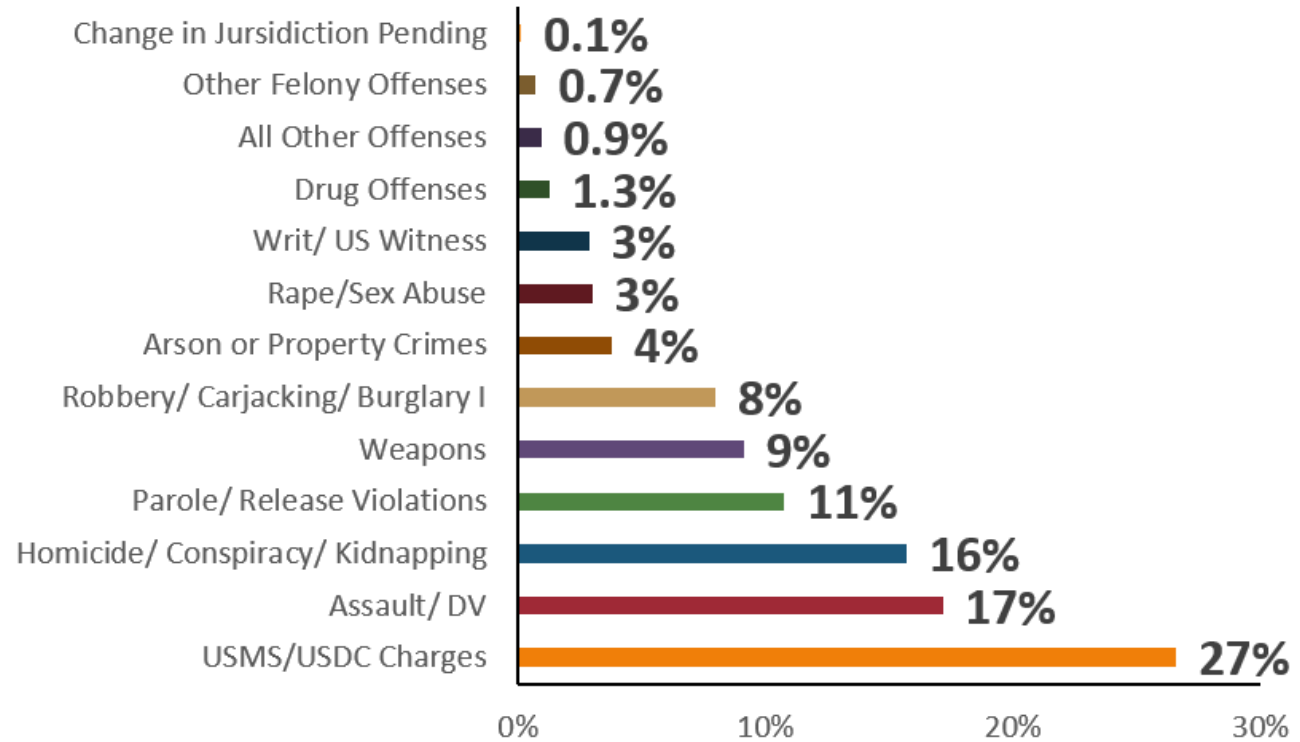

Average LOS by Inmate Status

Over half of all men in custody had unresolved legal matters that were either felony charges (PF) or misdemeanor charges (PM). Those held for the USMS service (TR) were over 25% of those in custody and had stayed on average about a year and 3 months. Almost 11% of men were charged as parole violators (PV), nearly 8% were sentenced on felony charges (SF) and almost 3% were Writs or Holds (WH). Writs and holds had the longest average length of stay (LOS) of 925 days (2.5 years).

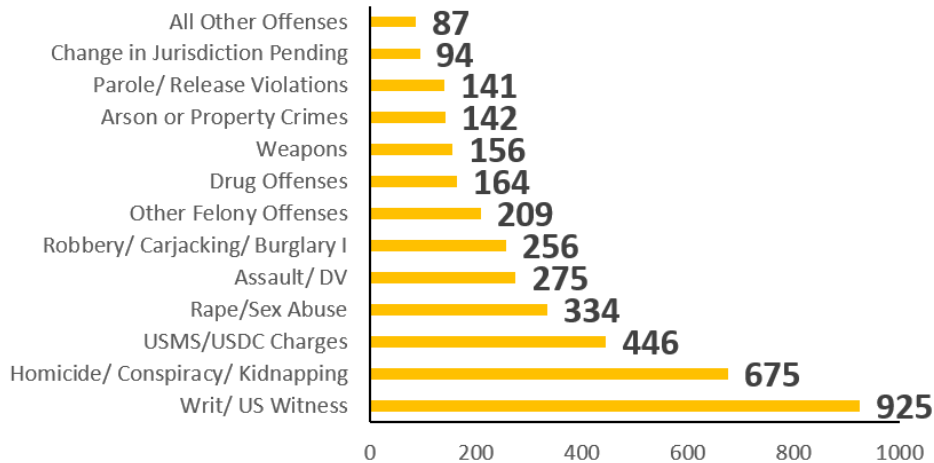

October 1, 2021

Most Serious Active Charge for Men in Custody

Over 25% of men in custody were USMS/USDC commitments with unspecified charges. Those charged with assault, aggravated assault, domestic violence; homicide, conspiracy, or kidnapping; parole or release violations; weapons offenses; and, robbery, carjacking or first degree burglary accounted for the most serious offenses of 88% of men in custody. Over 73% of men were charged with a violent or dangerous offense per DC Code 22 Section 4501.

Average LOS by Most Serious Offense

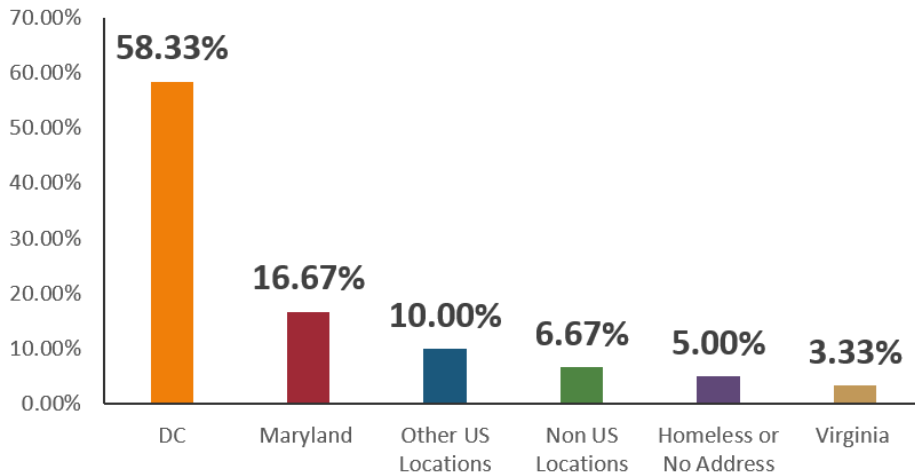

Those charged as Writs or US Witnesses stayed the longest on average (over 2.5 years); followed by those charged with homicide, conspiracy or kidnapping (nearly 2 years) and USMS/USDC commitments at 1.25 years.

October 1, 2021

About Women in Custody

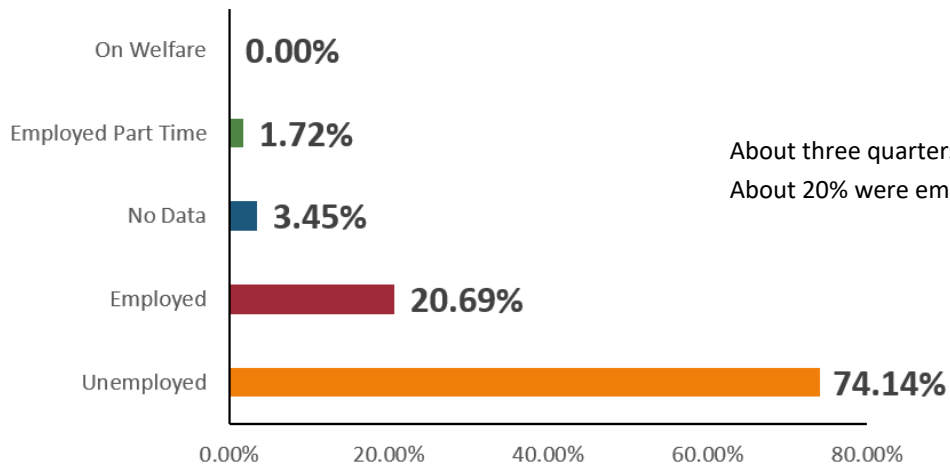

Residency Claimed

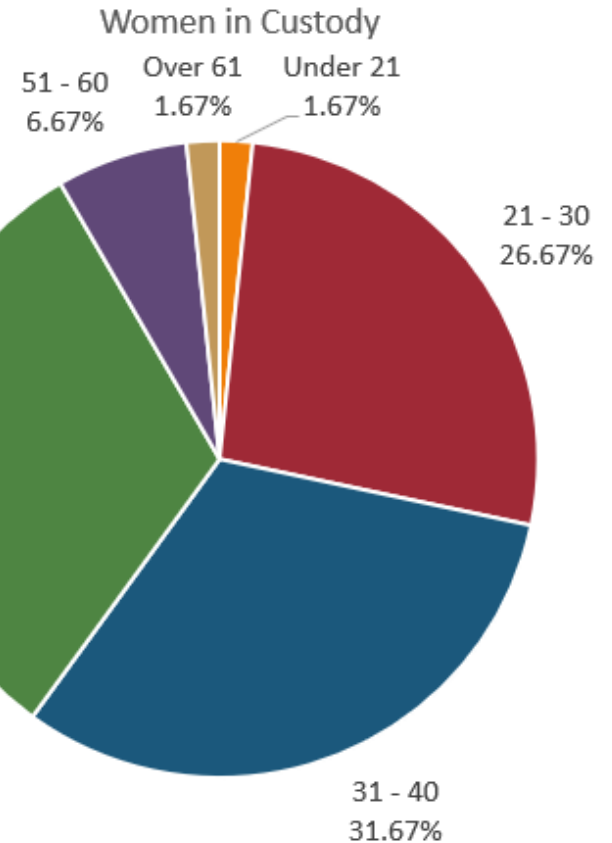

The majority of women in DOC custody claim District of Columbia or Maryland residency.

Employment Status at Incarceration

About three quarters of women in custody were unemployed at the time of intake. About 20% were employed and fewer than 2% were employed part time.

Half of all women in custody were 18 to 38 years old. The average age of women in custody was 38 years.

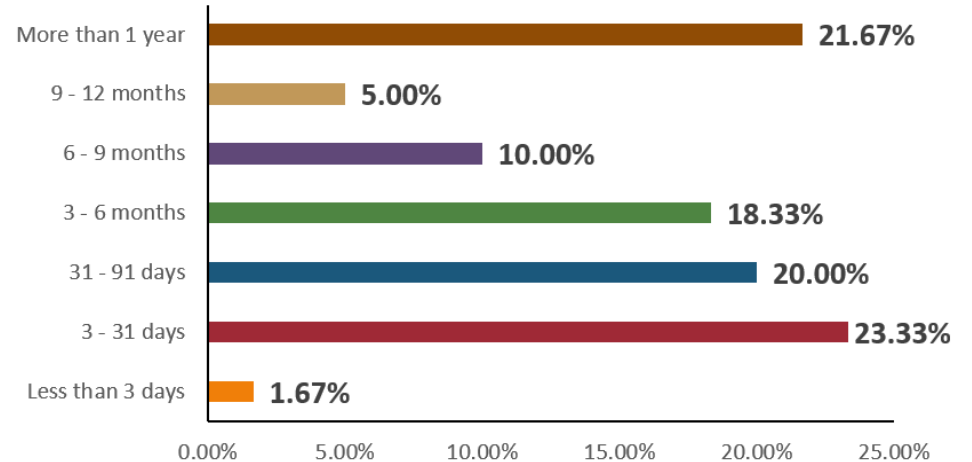

October 1, 2021

Length of Stay (LOS) for Women in Custody

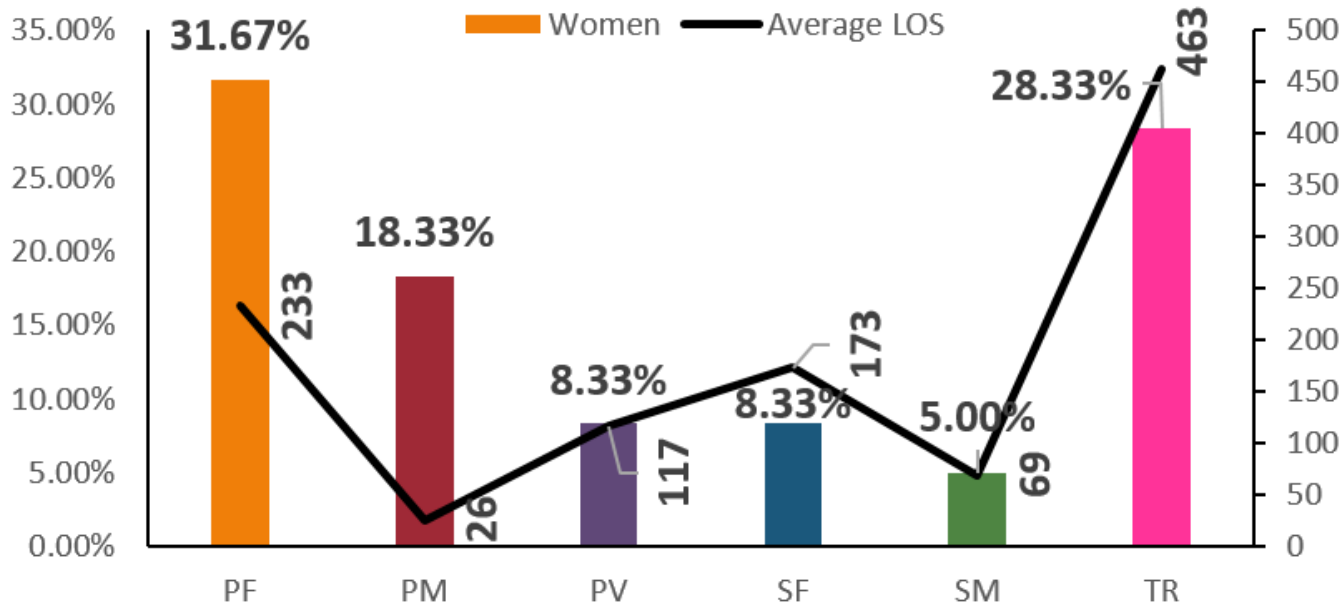

Forty-five percent of women in custody had stayed less than three months. About half the remaining stayed between three and nine months while the remaining half stayed between nine months and nearly three and a half years.

LOS Distribution for Women in Custody

Average LOS by Inmate Status

About half of women in custody had unresolved charges that were either felonies (PF) or misdemeanors (PM). Over a quarter of women in custody were held for the USMS (TR) and had stayed over a year and 3 months on average, the longest of all. Those charged as parole violators (PV) or sentenced on felony charges (SF) were each 8% of the women in custody. Sentenced misdemeanants (SM) made up the remaining 5% of women.

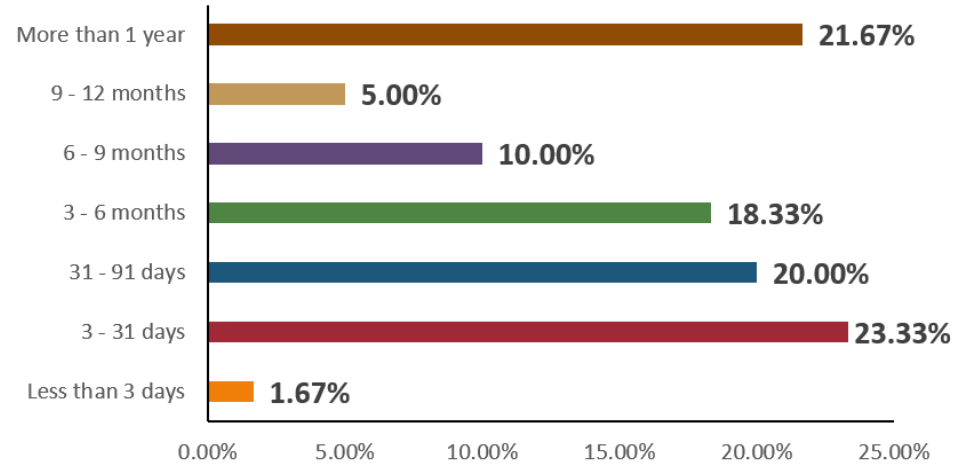

October 1, 2021

Length of Stay (LOS) for Women in Custody

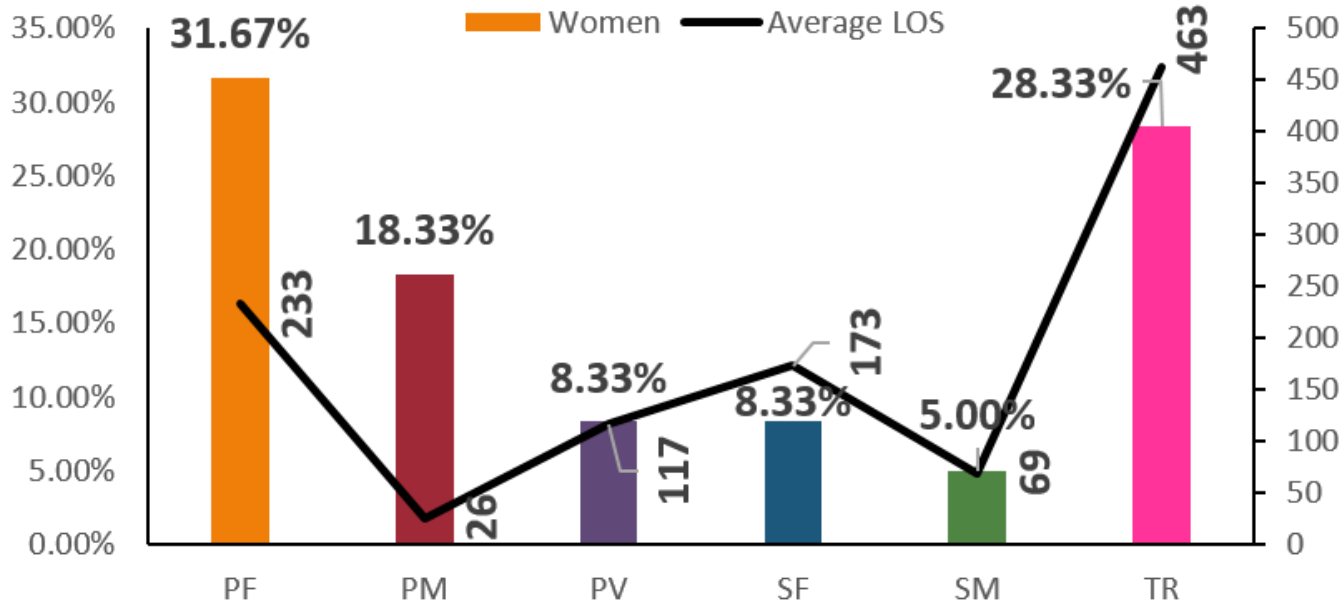

Forty-five percent of women in custody had stayed less than three months. About half the remaining stayed between three and nine months while the remaining half stayed between nine months and nearly three and a half years.

LOS Distribution for Women in Custody

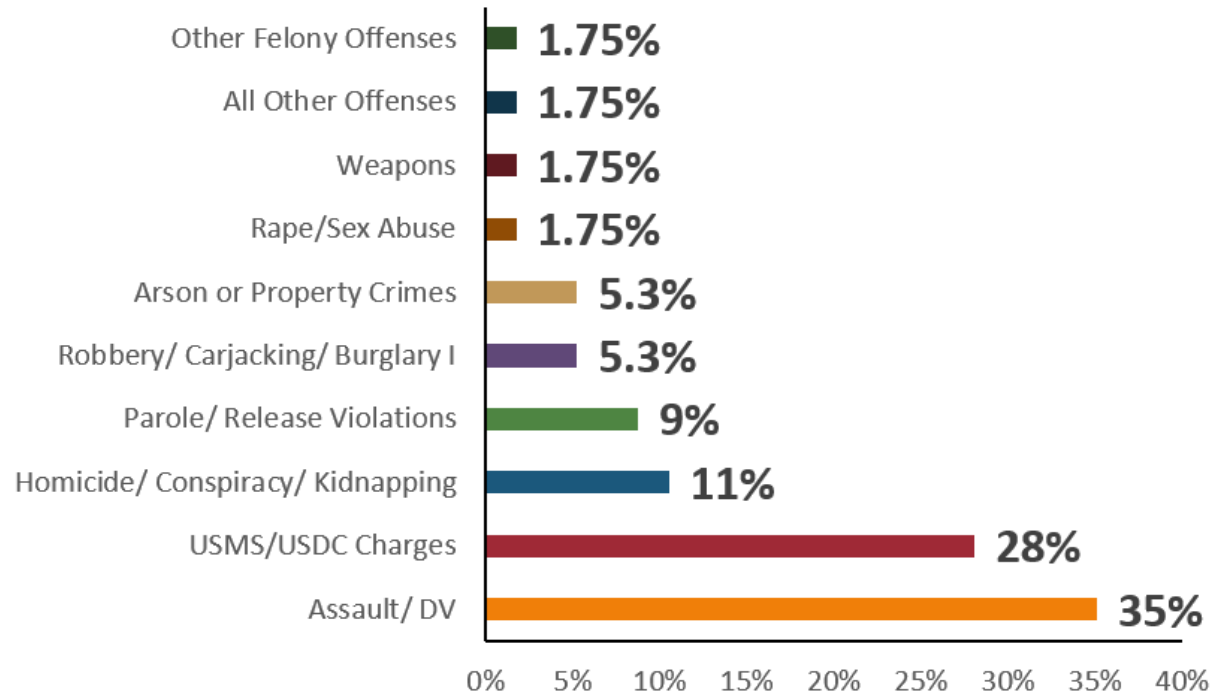

Average LOS by Inmate Status

October 1, 2021

CY 2021 Releases by LOS for Men

The average length of stay to release for men was 148 days. Half of men who were released stayed fewer than 57 days, the median length of stay to release.

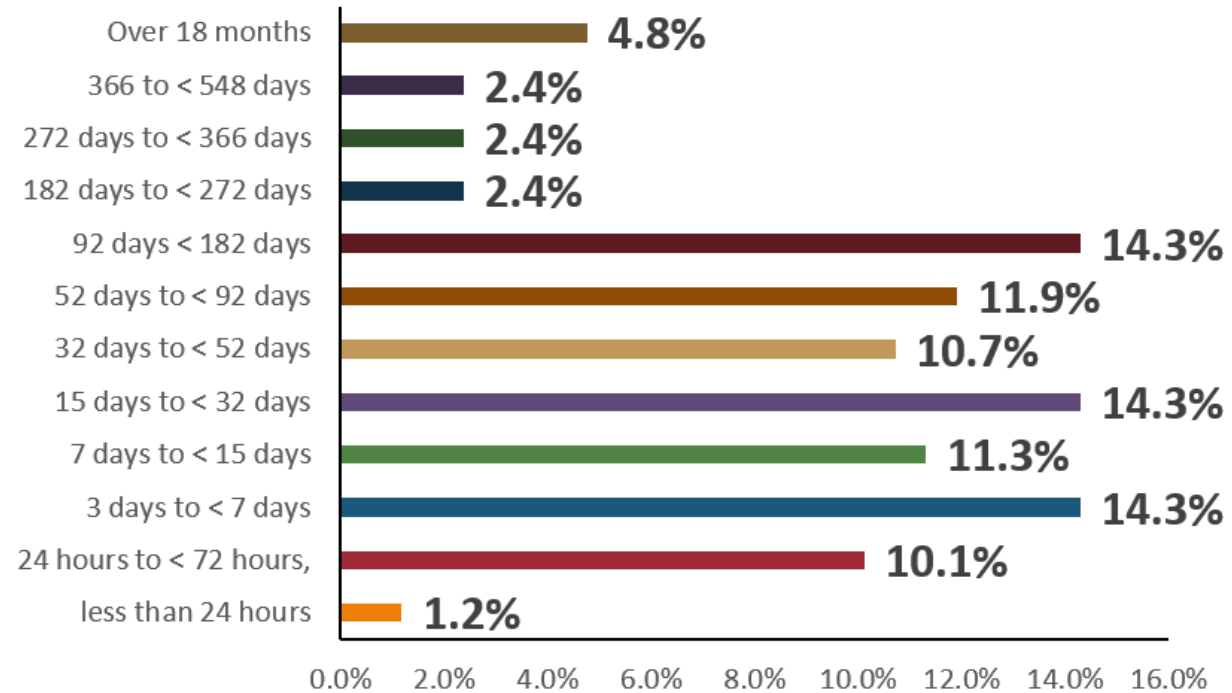

Custody of Release

Of men who were released, 60% were released to the community. Another 23% were removed by the USMS to Northern Neck, USMS to federal facilities, or USMS GB. Nine percent were removed by all other jurisdictions and 4% were removed by Prince George's County, MD alone.

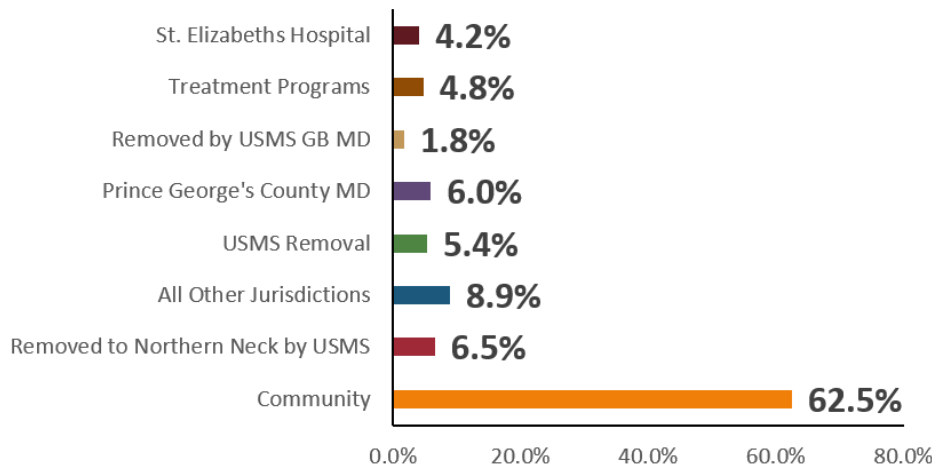

October 1, 2021

CY 2021 Releases by LOS for Women

The average length of stay to release was 99 days for women. Half of all women who were released stayed fewer than 30 days. The median length of stay was 30.2 days.

Custody of Release

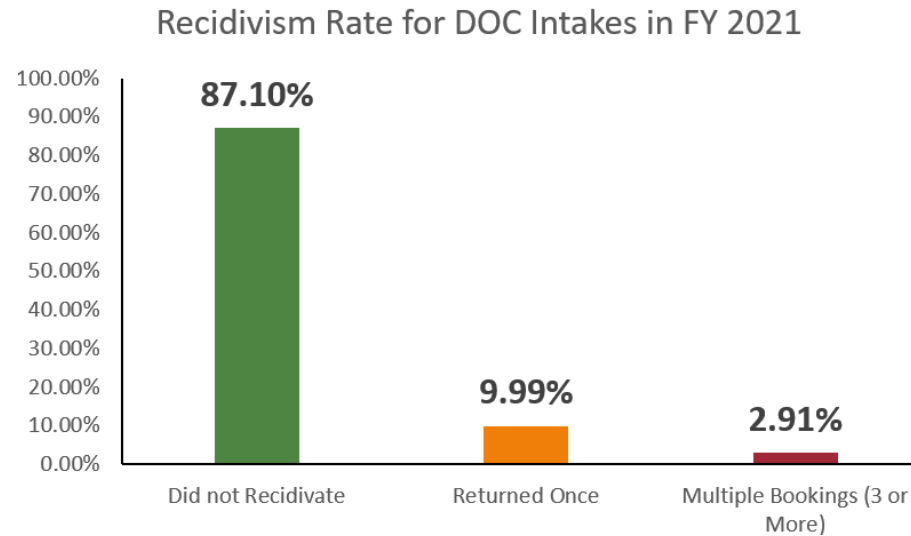

Almost 63% of women were released to the community, another 9% were released to St. Elizabeths Hospital or treatment programs. Nearly 14% were removed by USMS, USMS GB or to Northern Neck by the USMS. The remaining were released to other jurisdictions, of which the most releases were to Prince George's County, MD.

October 1, 2021

FY 2021 Reincarceration Rate

(Intakes by Returns to DOC in FY 2021 for FY 2021 Intakes)

Recidivism in the pre-COVID-19 era cannot be compared to that in current times because the composition of the DOC population and its length of stay have significantly changed. These reflect changes in practices across the criminal justice system that have been implemented in response to COVID-19.
