CHAPTER 1

INSTRUCTIONS FOR COMPLETING DOC INITIAL CUSTODY FORM

1. REQUIREMENTS

   a. The Case Manager or designee shall classify each assigned inmate using the initial classification form within seventy-two (72) hours of arrival at the facility.

   b. All sections shall be filled out completely using a combination of information provided by the inmate’s electronic institutional record, Jail and Community Corrections System (JACCS), Prison Criminal History (PRISM), and other institutional files where available (PaperClip and JUSTIS).

   c. Using the information in the electronic record, the Case Manager shall complete all scoring items on the first page of the initial classification form. This will produce a total custody score that will indicate an initial custody designation.

   d. The Case Manager shall then complete the portion of the form that includes factors that apply to the inmate for the purpose of over-riding the custody score.

   e. The Chief Case Manager has the authority to approve an override that the Case Manager uses to modify the inmate’s scored custody level. A housing assignment will then be made based upon the facility’s housing plan and bed availability.

   f. The inmate shall be interviewed to verify the accuracy of objective classification data, determine the need for special housing, explain the classification process to the inmate, and indicate the recommended custody level (minimum, medium, or maximum). For safety, security and order, the existence of or nonexistence of separations shall not be revealed to the inmate.

Even if an override is not being recommended, all discretionary factors applicable to the inmate shall be checked to ensure the maximum amount of information is being included on the form.

For example, a Case Manager may recommend an override from medium custody to maximum custody because the inmate is a serious violence threat to other inmates and/or staff and therefore requires more supervision, or may recommend a change from maximum to medium because of prior good institutional conduct.

1. REQUIREMENTS. This chapter contains the detailed instructions for completing the custody reclassification instrument.

   a. Proper case management requires periodic review of each inmate’s classification and custody status.

   b. Unlike the initial classification system, the reclassification instrument places greater emphasis on the inmate’s institutional conduct (i.e. the number of disciplinary reports and severity of infractions).

   f. Based upon the data in the inmate’s record, the Case Manager shall complete all scoring items on first page of the reclassification form.

   g. The Case Manager shall then complete the portion of the form that requires the Case Manager to consider the use of an override.

   h. The inmate shall be interviewed to verify the accuracy of objective classification data, determine the need for special housing, explain the classification process to the inmate, and indicate the recommended custody level (minimum, medium or maximum).
